

Higher Power Gain

Cell Efficiency > 27.5%
Maximize light utilization
Ultimate passivation level

High Reliability

Linear busbars reduce microcrack risks
Excellent anti-shading performance,
Free from hotspot concerns

GPC2.0
NR10R/54BGDF

480-490W
23.52%-24.01%

Lower Degradation

Temperature Parameter -0.26%/°C
First year degradation < 1%
Liner power degradation < 0.35%

Pure Appearance

No busbar in front side
All-black appearance

Green and low-carbon

GCL SiRo modules
Full supply chain traceability
